

Create a Herb Tower

Use three pots stacked on top of each other to create a pretty and productive tower of herbs.

Pick up our leaflet **HERBS** at **HOPETOUN** for lots of ideas of different recipes for your tower.

These ones are full of herbs used a lot in Italian Cooking:

- Sage
- Marjoram
- Oregano
- Flat Leaved Parsley
- Different thymes

What you'll need to create your Herb Tower

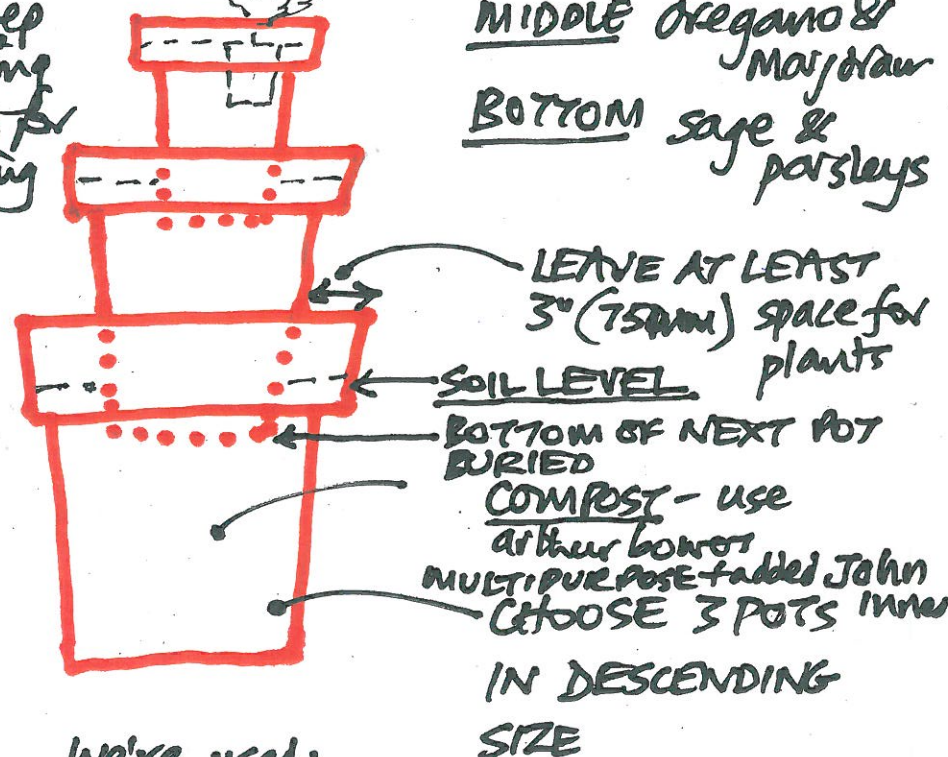

* Plant your tower in situ - it is very heavy to move once you've created it!

Tip Regular watering & Feeding

- Keep cutting Herbs for Cooking

We used Italian Herbs:

- TOP Thymes
- MIDDLE oregano & Marjoram
- BOTTOM sage & parsleys

We've used:

- ELHo plastic pots in different colour
- & Terracotta pots
